**Subject:** RE: Thurston County Data for Deschutes TMDL

Allison and Jane,

I wanted to check in with you regarding the request I sent about the County's water quality data (see message below). Do you think you will be able to provide the data in a non-PDF form? If so, do you have an idea of when you'll be able to do so?

Thanks,

Michelle

**Subject:** Thurston County Data for Deschutes TMDL

Allison and Jane,

We are working with Miranda Hodgkiss (EPA) on revising the TMDL analyses for the Deschutes River watershed. She informed us of the water quality monitoring initiatives and reports produced by Thurston County.

We've reviewed the Budd Inlet-Deschutes River Watershed annual monitoring reports and we are interested in obtaining the County's water quality data for the following waterbodies:

- Black Lake Ditch
- Deschutes River
- Indian Creek
- Moxie Creek
- Percival Creek
- Reichel Creek
- Spurgeon Creek
- Ellis Creek
- Schneider Creek
- Lake Lawrence Creek

Are you able to provide the monitoring records (flow, temperature, pH, DO, FC, turbidity, nutrients) for these waterbodies in a non-PDF form (e.g., Excel, text file, csv, Access)? The earliest report is for WY 2004 and we would be interested in data from that year through present.

Thank you for reaching out to Miranda about the County's data.

Michelle
